

Year 6 Spring Term 1 Newsletter

WELCOME BACK!

We hope you had a lovely and relaxing Christmas break and are ready for the new term ahead.

Topic - Bombs, Blitz and Blighty: World War II

This term our topic is World War II. During this topic we will be learning about the causes of the war, what life was like during the war, evacuation, the effect of the war on our country and how the country has changed since the war ended.

Working at home

Once again, children have weekly maths and English homework to complete. This term, English and maths homework will be completed in revision books that the school have bought for the children. They will be told each week which pages need to be completed based on learning in class. This term we are focusing on developing our language, using more advanced punctuation in our writing and embedding our knowledge of the written methods for long multiplication and division and the relationships between fractions, decimals and percentage.

Term 3 homework project due in: Tuesday 12th February

Research a different aspect of World War II. You could research rationing and create World War II rationed recipe. Or perhaps research and make a model of a military vehicle. Another idea could be to research music and fashion during the war. Perhaps you could ask members of your family if they have any stories about any of your relatives during the war and write about these. These are only suggestions; if there is another aspect that you would like to research then please do this.

Dates for your diary

Thursday 17th January - Samba drumming lessons begin

Friday 8th February - Year 6 class assembly

Tuesday 12th February - Safer Internet Day

Wednesday 13th February - Class Photographs

Friday 15th February - Whole school assembly

P.E
