Year 6 Summer Term 1 Newsletter

WELCOME BACK!

We hope you had a lovely and Easter term break and are ready for the new term ahead. This term will be very busy as we take our SATs tests from the 13th-16th May. It is very important this term that all homework is completed each week and children are reading every day.

Topics

This term we are learning about our circulatory system, focussing on our heart. In English we will be reading Pig Heart Boy and will be writing various narratives as well as information texts linked to our science topic. In geography, we will be learning about landscapes and our local geography, which will inspire us for the art that we will create after SATs week.

Working at home

Once again, children have weekly maths and English homework to complete. This term, English and maths homework will again be completed in revision books that the school have bought for the children. They will be told each week which pages need to be completed based on learning in class.

Longer term homework project - due in Tuesday 21st May

Next term we are learning about our local history and geography. For their homework children need to complete a project based on this. Some ideas could be, either research an area of our local history and write a report on this, create a persuasive leaflet to encourage people to visit Corby with details of things to do and places to visit or perhaps a more artistic project - draw or paint a scene from around the town or create a booklet with photographs in from our local area that the children have taken themselves. Children are free to come up with their own ideas too.

Dates for your diary

Monday 6th May - School closed - Bank Holiday

Friday 10th May - 9:00 - Year 6 assembly

Monday 13th-Thursday 16th May - SATs tests

Friday 17th May - Class trip to BA Headquarters at Heathrow Airport

Friday 24th May - 9:00 - Celebration assembly

P.E

Our PE lesson this term will be on Monday. Please make sure children have both their outdoor and indoor kit on these days.
