Dear Parent/Carer

Reception Screening 2022 – 2023

Every year we ask parents/carers of Reception aged children to complete a questionnaire which enables the School Nurse team to assess your child's health. We are then able to offer guidance and support in relation to any concerns that you may have.

We sincerely apologise that this questionnaire was not sent to you whilst your child was in Reception year. We would still like to invite you to participate in this health assessment now that your child is in year 1 and the same support will be available to you should it be required.

This is the third year that we have been able to offer this to you as a digital form and the link below will take you to the online health questionnaire for you to complete. **If this link does not work, please copy and paste the link and open the questionnaire using the internet browser suited to your device.**

If you state that you require support from a School Nurse within the questionnaire, a member of the 0-19 service will contact you in due course. Due to the volume of questionnaires we will be analysing, we are not able to provide an immediate response to everyone, however if you feel that you need to speak to us regarding an urgent issue, please do call our 0-19 Admin Hub on 0800 170 7055 (option 4).

The following link is now accessible and will close on Monday 31st October 2022.
