

Pupil premium strategy statement – 2024-2027

This statement details our school’s use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year’s spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

At Hazel Leys Academy, the intent remains one where all individuals are regarded with high esteem. The school encourages and promotes a learning environment in which Pupil Premium pupils are happy to attend, where they work diligently to reach ambitious progress targets and to attain proficient grades and where parents and staff recognise and celebrate those achievements. The school wants and will work diligently to develop well rounded, independent and confident learners.

The focus of our pupil premium strategy is to support disadvantaged pupils to achieve these goals, including progress for those who are already high attainers. We will consider the challenges faced by vulnerable pupils, such as those who are LAC and young carers. We will remove barriers to learning created by poverty, family circumstances and backgrounds and ensure wide access to enrichment and extracurricular activities which we believe have a profound impact on the lives and well-being of our pupils.

Intent:

Our school curriculum is knowledge-rich, ambitious and provides all pupils, including those from disadvantaged backgrounds and those on the SEND register, the knowledge and cultural capital they need to succeed in life. Our curriculum aligns with the national curriculum. It has been coherently planned and is well-sequenced, laying the foundations of knowledge in EYFS and building on this throughout the primary years.

The improvement of Quality First Teaching is key to the success of all pupils, including Pupil Premium children. We believe that through the development of our bespoke curriculum, that is child centred and designed to inspire and celebrate our diverse school community, that children's engagement in learning will be increased and progress will accelerate. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers. We offer emotional well-being and foster a support network within the home. We want children to be able to access enrichment opportunities as part of their curriculum, thus embedding enrichment activities throughout our curriculum.

Implementation:

At Hazel Leys Academy teaching and learning is planned using assessment for learning. This personalised approach expects all children to reach or exceed national expectations, to achieve in all areas of development and to be able to generalise their learning to new situations. High expectations of progress apply equally to children

working above, at, or below age-related expectations, including those who have been identified as having special educational needs.

Precision targeted interventions will be a key focus for all children based on their gaps and barriers to knowledge. Some interventions will take place through additional support in the classroom during lessons. Other interventions will take place outside of the classroom with our well-trained Teaching Assistants. There are clear plans to support those who are struggling to maintain trajectory. The teacher's priority is to support children so that they can keep up with the pace of learning and make good rates of progress. By supporting equality of opportunity and inclusion we endeavour to close or narrow the attainment and progress gaps evident between groups of pupils within school and nationally.

Pastoral and attendance support for our Pupil Premium children and families is another key element of ensuring that we are developing the whole child and ensuring a positive impact on their futures. This support is given in a range of ways including one to one nurture sessions, group nurture sessions, early trauma or bereavement support, parent support workshops, targeted support for parents, early help intervention with families, support for material disadvantage and development of cultural capital. This list is not exhaustive, and we will work with each family individually, where the need arises to ensure the very best outcome is reached for the children in their care. These will be reviewed termly, and further funding used based on the children's emerging needs.

Impact:

Impact will be measured, not only in academic outcomes, but also in all aspects of development. This will include all skills, behaviour, attitude and in children showing that they can care for themselves, others and the world in which they live. For children to know that they are the instigators of change and that they are able to contribute positively to society.

The impact of our curriculum is measured by assessment procedures which allow us to measure outcomes against all schools nationally. The impact of those other key skills for life will be measured in self-fulfilment and in recognition by others through awards and rewards.

Children are placed at the centre of all that we do, and the academy's success will be measured by how well the academy is able to fulfil that goal.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
Oracy Skills, Writing	Oracy skills – Some of our PP children have gaps in learning in the core subjects of reading, writing and maths are significantly reduced for disadvantaged learners. Some of our PP children have speech, language and communication difficulties.
Attendance	Low attendance by some of our children limits their learning and widens knowledge and skills gaps. Our analysis shows some disadvantaged pupils and families need additional support to secure and sustain better attendance and punctuality.
Equality of success and opportunity	Some of our PP children have limited cultural experiences and access to wider opportunities. Participating in additional enrichment opportunities add to the development of the whole child. For example, Sports, Music, School Trips including residential and other enrichment activities
Barriers to Parental Engagement	Some of our PP children face challenges with their social, emotional, and mental health, which can create barriers to consistent and sustained parental engagement and/or support. We aim to ensure that our most disadvantaged families are directed to the appropriate resources and receive the necessary support. A family support worker will collaborate closely with the Local Authority (LA) and other Academy schools on cross-school outreach programs
Phonics	Phonics - There are increasing numbers of pupils who start junior school without a secure understanding of phonics. We therefore need to re-assess children on entry and develop programmes to address this need.
Vocabulary Development	This is an issue that has been noted nationally and impacts some of our PP children. Consequently, we are developing several strategies to provide creative opportunities to improve language skills; developing CPD opportunities for staff; and producing bespoke vocabulary programmes for our pupils.

Activity in this academic year

This details how we intend to spend our pupil premium this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>To offer a bespoke broad and balanced curriculum, where teaching and learning is at least good.</p>	<p>2025 – 2027 the primary knowledge curriculum is embedded and reflects the commitment of the school to enhance the pupils’ life experiences. Pupil, parent and teacher questionnaires and observations show pupils have self-belief, high aspirations and a strong desire to achieve.</p> <p>2025-2027 a significant increase in parent / carer participation in school life is evident – parent workshops, school community events etc. LPPA (Leading Parent Partnership)</p> <p>2025- 27 results from pupil voice, parent questionnaires and teacher observations indicate that vulnerable pupils are well supported and their needs are being met as a result of at least good teaching and learning.</p>
<p>All non-SEND PP Children achieve outcomes in-line with, or above, national average by the end of KS2 in reading. Improved oral language skills and vocabulary is reflected in EYFS communication and language.</p>	<p>2025 – internal and external observations and deep dives in reading and EYFS show high quality teaching and learning</p> <p>2025 – outcomes in reading for disadvantaged pupils shows a significant improvement from their base-line</p> <p>2026 - KS1 and 2 outcomes are in line with national Pupil Premium average</p> <p>2027– KS1 and KS2 outcomes are in line</p>

	<p>with all pupils national average. 2025,26,27–the gap between PP and non in progress and attainment in reading in EYFS is narrowed</p>

Further information (optional)

<p>Additional activity</p> <p>Our pupil premium strategy will be supplemented by additional activity that we are not funding using pupil premium.</p> <p>This will include:</p> <ul style="list-style-type: none"> • Providing a variety of high-quality extracurricular activities aimed at enhancing well-being and raising aspirations, with a particular focus on supporting disadvantaged pupils' participation. • Offering a weekly lunchtime sports session to promote well-being, health, and fitness for all pupils, run by external providers LM Academy and Unmatched Coaching, targeting disadvantaged pupils. • Offering a subsidised breakfast club to our most vulnerable pupils <p>Planning, implementation and evaluation</p> <p>In developing our current pupil premium strategy, we started by reviewing our previous strategy to assess the impact of the intended outcomes. This year's approach considers the overall well-being, academic progress, and holistic development of the pupils. We have a well sequenced curriculum where knowledge is valued and taught to remembered and that addresses areas of concern, learning gaps, and fosters an eagerness to learn among our pupils. The EEF's implementation guidance has</p>
