

Early Year Unit: Reception Newsletter – Spring 2

Welcome

Thank you to everyone for your support last term and for those who attended our Maths workshop. We hope you enjoyed seeing what Maths looks like in Reception at Hazel Leys. We had a fantastic term learning about space, and we hope your children enjoyed it as much as the staff did! They represented our school fantastically on our trip to the Space Centre.

Miss Wareing

Spring 2 Focus

This term's learning will be 'Growing and Changing'. Your child will explore seasons, growing plants, how animals grow and change, food and farming and how we grow and change. We will learn that we have four seasons on Earth, and we link this back to our learning about how the Earth orbits the sun. Then continuing to think about the idea of change, your child will think about the past and how places change over time. We will also have an opportunity to plant a seed and observe its growth as well as looking at how animals grow and change.

We are excited to have eggs arriving in school so that we can watch them hatch and learn about the lifecycle of a duck. We will be inviting you in to share this exciting experience. More information will follow.

Phonics

During this term, we will be continuing to use our assessments to ensure your child is getting targeted phonics teaching. With a focus on phase 3 and 4 phonic sounds with the *Little Wandle Letters and Sounds Revised* scheme, your child will learn how to decode and words using the sounds we have learnt so far. Please visit our school website to get up-to-date information about phonics at Hazel Leys.

Literacy - Writing

During this term we will be working on how to construct simple sentences.

We expect the children to listen to sounds independently in order to try and write words that they want. This is expected in both their guided and independent writing.

This term, we will introduce the children to Pop, a mouse who helps us to write sentences. Once the children are confident with this, we will send some home for the children to show off their writing skills!

Our written work will be linked to the wide range of books that we share as a class, such as 'Tree', "It starts with a seed" and "The Enormous Turnip".

Literacy - Reading

Your child will continue to take part in 4 reading lessons a week where they will learn how to decode words, read with prosody and develop their comprehension. Books are changed weekly with the new book being sent home after we have read it in school.

Please read the book repeatedly to help your child develop their confidence, fluency and comprehension. Don't forget to **write in their reading records** to let us know when they have been reading at home.

Your child will still choose a 'Reading for Pleasure' book to take home at the end of each week. This is a book to be shared with the adults at home. There is no expectation that they can read this book independently.

Maths

We are continuing to practice our subitising skills by looking at increasingly complex arrangements. Your child will look at how numbers can be grouped and shared before moving onto looking at number patterns within 15. To finish of this term, we will be exploring doubling and halving numbers to 10.

Communication and Language

This term we will continue to retell stories in a variety of ways, ensuring that the children take on different roles. Children will be taught subject specific vocabulary so that they can use it accurately when talking about growing. We offer daily opportunities for the children to talk, share ideas and use new language in all areas of their learning.

At the end of this term, we will have a two week focus on William Shakespeare, where the children will learn famous play quotes and have a go at writing and performing their own play.

Personal, Social and Emotional Development

This term, we are building upon our previous work using a range of stories to encourage children to talk about their emotions and share regulation strategies. There will be a focus on how we can be a good friend and how to deal with disagreements. We will also be learning about how to keep ourselves healthy, including talking about food, exercise and hygiene.

Physical Development

Our **PE lessons** are still on a **Monday**. Please could all children attend school in their PE kit.

Children need to have an Academy PE t-shirt, shorts or jogging bottoms/leggings depending on the weather and an Academy Jumper. All children must be wearing trainers. **Please also ensure they do not wear any jewellery, and that long hair is tied back.**

Understanding the World

This term we will be learning about seasons and doing observational drawings of plants and seeds as they grow and change. The children will also be planting fruit/veg in our gardening area which will link to our personal, social and emotional learning. We will be taking part in Easter celebrations and learn about why it is an important celebration to people all over the world.

Expressive Arts and Design

We will be making lots of artwork that link to our stories, including painting/making plants, taking pictures of growth over time and fruit/veg printing. The children will also be making Mother's Day and Easter crafts throughout the term. The children will have a range of role play opportunities so they can experience planting, growing and taking on the role of a gardener.

Helping your child learn at home

- **Daily** reading using your child's school reading book and 'Reading for Pleasure' book
- Phonics practice using your child's phonics book.
- Encourage your child to practice reading and writing the tricky words that are sent home.

Skills Builder

The Skills Builder Universal Framework provides a common language for building essential skills with children and young people.

Research shows that building essential skills supports social and emotional wellbeing, learning and academic outcomes and careers and opportunities.

Rewards

The children will receive 'Dojo Points' as reward for good behaviour, work and attitude. Points can be 'spent' on prizes periodically.

Class information

Class Teacher: Miss Wareing

Teaching Assistants: Miss Coupland and Mrs Clough

Please check **Evidence Me** regularly for updates on what we are doing in Reception!

Please could all children **arrive at school by 8:40am** as learning starts promptly at this time. The gate by the classroom is open from 8:30am and will be closed at 8:40am. Children who are late miss out on the start of our daily learning and disturb the children who have arrived on time.

Please remember if you are making your child a packed lunch, we ask you **do not** put anything in that contains nuts and to make it a healthy selection of food.

Please could children be prepared for their forest school sessions **every Tuesday**. Children must be in clothes that you do not mind getting dirty and that **are suitable for the seasonal weather**. Please make sure your child has a waterproof coat or suit and wellies, which can be left at school.

Thank you for your support with these matters.

Dates for the diary!

Monday 23rd February – School reopens to pupils

Thursday 5th March – World Book Day

Monday 9th to Friday 13th March – Science week

Tuesday 17th March – Nursery intake meeting

Wednesday 18th March – Class photos

Wednesday 18th March – Parents Consultation Evening 3pm – 6.30pm

Thursday 19th March – Parents Consultation Evening 3pm – 5.30pm

Friday 20th March – Comic/Sports Relief

Friday 27th March – School closes for Easter
