

CORBY
Technical
School

Open Evening 2026

The most employable students in Corby

Corby Technical School prides itself on ensuring students are equipped with transferrable skills and knowledge that will prepare them for careers in our fast-changing world. We also consider it important to develop well-rounded students who have high aspirations, cultural capital, and a desire to make a positive difference in society.

Wednesday 30th September

5.00pm - 7.30pm

Throughout the evening there will be activities in each subject area.

Our presentations will take place at **5.00pm, 5.45pm** and **6.30pm**. We recommend allowing 60 minutes for your visit, to encompass the presentation, as well as some of the activities.

Come and have a closer look at what Corby Technical School has to offer your child. Please arrive promptly for the presentations.

There is no booking necessary for this event

If you require an alternative date, there are limited slots available. Call 01536 213100 before midday on Friday 25th September to book this with us.

A close-up photograph of a student's hands. The left hand holds a black Casio FX-997X scientific calculator over an open notebook. The right hand holds a blue pen, writing the number '0.50' in a table. The table has columns for 'To find' and 'Multiple'. Other numbers visible in the table include '0.60', '0.07', and '0.8'. The background is slightly blurred, showing more of the notebook and the student's hair.

At Corby Technical School,
we are committed to
creating an environment
where every student is
valued, inspired, and
prepared to make a positive
contribution to the world.

**We invite you to join us in
this journey of learning,
growth and success.**

A close-up photograph of a student's hands. One hand holds a black Casio FX-997X scientific calculator, which has a small LCD screen and numerous function buttons. The other hand holds a blue pen, writing in a notebook. The notebook page shows a table with columns for percentages (40%, 50%, 60%, 70%, 80%, 90%, 100%) and a row for 'Multiple'. The student has written '0.4', '0.5', '0.6', '0.7', and '0.8' in the cells corresponding to 40% through 80% respectively. The background is slightly blurred, showing more of the notebook and the student's hair.
